OWNER/TENANT INFORMATION AGREEMENT

AUTHORIZED CONTACT SHEET

As of the July 12, 2008 Meeting, the Board approved to institute California Water Code section 31007.5, which requires that the Landlord receive and pay water bills and other charges for rental properties. In order to cost effectively administer the District's water billing; it is the policy of Midway Heights County Water District to require that *only property owners* have accounts established in their names. Renters may not establish accounts in lieu of property owners. The current billing software enables the District, as a courtesy, to send renters a duplicate bill.

By completing and signing this Owner/Tenant Information Agreement, I understand that I am allowing the Tenant access to billing information for the below referenced property. Please feel free to call our office if you would like more information or have any questions.
